- deep retracement , shallow projection => deep projection/deep retracement
- shallow projection, deep retracement => deep projection/deep retracement
- deep projection, deep retracement => shallow projection  
shallow retracement, deep projection => shallow projection  
shallow projection, shallow projection => shallow projection
- deep projection, shallow projection => ranges from neutral to deep retracement

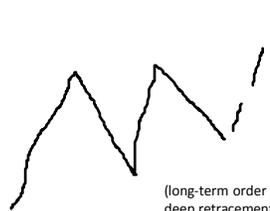

deep projection, deep retracement => shallow projection  
deep retracement, shallow projection => deep projection

deep projection, shallow projection => ranges from neutral to deep retracement (in this case, it should be deep)  
shallow projection, deep retracement => deep projection

circle should be deep retracement, not neutral

(long-term order flow is up)  
deep retracement, shallow projection => deep retracement

shallow projection, deep retracement => deep projection

shallow projections (third bullet)

shallow retracement, deep projection => shallow projection  
deep projection, shallow projection => ranges from neutral to deep retracement
