The price is getting near the entry, just 25 pip away now, it seems to be crossing the level used in trade #32, we'll keep looking at it today,

I placed an alert within 1:1

on April 16, 2014 13:06 giulio noted:

After basing a bit, the price hit the entry order.

caution because this big movement was caused by good news in the GBP market.

price seems to be moving in the right direction.
