

# GrandForever FX Course - program

## Beginner level – 2 hours:

1. What is FX?
2. Trading platform and broker.
3. What is money management? SL, BE, TP, risk.
4. Technical analysis and macroeconomic calendar.
5. Time of trading (when, Bank Holidays)
6. Supply and demand.

## Medium-advanced level – 3 hours:

1. Supply and demand curve.
2. How important is trend?
3. S/R, Fibbo, trendlines – they're random.
4. How to set Zero Line?
5. LWMA60 and LWMA100 Pattern.

## Advanced level – 5 hours:

1. Opening trade.
2. Keeping the trade.
3. Unusual situations.
4. Analysis of trades.

*If you want to skip level for beginners, then we'll converse two hours more in **Advanced level**. After the course I analyze all of your trades as long as you want it. We will also meet on Skype if it'll be necessary.*

*Student write also in his own journal and keep his advanced statistics – it helps in trading.*
